News this week...

As you may remember, in the last week of last term, we had 3 positions available at our school. I can now announce our 3 new staff members for the remainder of 2014.

I am pleased to announce that Mr. Philip Cattle will be teaching Year 5/6, Mr. Jason Lewis has been successful in gaining the Farm & General Assistants position and Mr. Nicholas Morreau will be at UCS as a Student Learning Support Officer. The staff and students have welcomed our new staff members with open arms and are excited to see what their impact can be at UCS for 2014.

At the conclusion of Term 2, students who received 10 or more Habit of Mind Awards were invited to a special morning tea provided by staff. These students have demonstrated habits such as resilience, perseverance and an ability to manage their distractions. Awesome to see! Thanks Noah for the scones!

Some students have recently been completing their International Competitions and Assessments. These assessments are created by the University of NSW.

They cover areas such as: Computer Skills, Science, Spelling, Writing, English and Mathematics. These assessments are paid for by parents at the beginning of each year. Students receive a certificate and an analysis of their assessment results soon after completion.

I look forward to seeing more students attend our special morning tea at the completion of Term 3 also!

Home Reading
Don’t forget to write in your Home Reading Journal after reading each night. Home reading is an important part of weekly homework, so grab a book and read!

K-2 Excursion
K-2 will be going on an excursion to Griffith next term, on Tuesday 29th July, to watch 'Mr McGee and the Biting Flea' at the Griffith Regional Theatre. Notes will be sent home next week.

Live Life Well @ School
Why is breakfast important?
- children who miss breakfast are often reported as having poor behaviour and poor concentration
- children who miss breakfast are often unable to meet their daily nutrient requirements
- children who miss breakfast are more likely to have a greater risk of being overweight or obese
- eating breakfast helps children learn and establish healthy eating habits early in life.

Active After School
Active After School will recommence next Monday 21st July. It will continue each Monday and Wednesday this term. Come along for some fun physical activities!

Education is not the filling of a bucket, but the lighting of a fire.

Welcome back!! I hope that everyone had an enjoyable break. There is a lot happening across years 7 – 12 this term. We jump straight in next week with five of our year eight students off to Sydney as a part of ASPIRE’s Year Eight Beyond the Gate program. Thank you to Miss Imrie for supporting the students with this trip.

Our RFS Cadet program is continuing over the next three weeks, with the graduation from the program planned to take place at the Ungarie Show on the 13th of September. The students will be putting on a demonstration of the skills that they have learnt over the program. The F1 in Schools teams are well on their way to being prepared for regional finals in week 5 at Dubbo. Their car designs are in the final stages of being put through the virtual wind tunnel and being cut out by the CNC router and being prepared and painted. The students involved are on the front of this week’s Humbug.

Also this term we will be heading to Griffith in week 7 to the regional theatre to attend the Bell Shakespeare’s presentation of ‘Henry V.’ This term we will be holding our inaugural Lachlan Access Program (LAP) Graduation function for all students in Year 12 across LAP. This is set down for the 4th of September and will be held in Condobolin.

Upcoming stage 6 exams, Trial HSC’s, are rapidly approaching occurring in week 5 and 6 and the Preliminary yearly exams are coming up in week 9 and 10 of this term.

As the term progresses, there will be information coming out regarding the specific events, but if you would like to know more please feel free to contact myself at school.

Welcome Back!!

Regards
Mr Currey

Success breeds success and failure breeds failure. But what does this mean? If children's small successes pass without comment, over time they can begin to believe they are ‘not good at anything’.

Replace the concept of failure with feedback. Help your child to see mistakes as part of the process of learning. Make sure that they also experience success. When they are doing something well, comment on it.

Tips for developing success in your child:

- Comment positively on everyday successes using success vocabulary: ‘well done for…’, ‘You did that well’, ‘Thank you for….’
- Encourage your child to notice when they improve on their personal best.
- Look on any failure as an opportunity to find out what went wrong and work out what to do better next time.

Success is not final, failure is not fatal: it is the courage to continue that counts.
