News...

Louise & Mitchell will be completing their final week of schooling at UCS this week. I would like to personally thank Louise & Mitchell for their efforts in their 13 years of schooling.

It is an outstanding achievement and I have no doubt, it has been a journey that has most certainly taught both of them more than just reading, writing and skills in Mathematics.

Graduating Year 12 is a big deal. It makes it even more special when you get to share these moments with parents, teachers and friends, who have supported and guided you through your time at UCS. Last night was a truly memorable occasion and one Louise, Mitch and each person in the room will not forget. Thank you to Mrs Mason, Mrs Wason and our Year 11 girls for doing an awesome job!

Our Year 2 – 6 students had an amazing time in Bathurst. They got to see and do many things and experience what life was like in the goldfields. It looked like a lot of fun!

One big term to go in 2014! Can’t wait to get back! I hope you all have a happy and peaceful holiday. Rest and recharge, travel safe and we will see you again very soon!

“We need students who can learn how to learn, who can discover how to push themselves and are generous enough and honest enough to engage with the outside world to make dreams happen.”

**Premiers Spelling Bee**

Last Thursday Georgia Wilson, Ella McRae, Prue West and William Batty represented UCS in the NSW Premier’s Spelling Bee. It was quite a daunting process as the competition took place via video conference and lasted for up to 2 hours. Congratulations to these students as they put so much time into practising their words and all did their best.

**Kindergarten Transition Program**

It was fantastic to see so many parents at our Kinder Transition information afternoon last week. Mrs Parkinson has just completed her assessments with the new Kinders and looks forward to seeing their smiling faces at the practice days next term.

**Year 2–6 Bathurst Gold Excursion**

On Tuesday Years 2-6 went to Bathurst for a gold excursion. We stayed at a motel on Mount Panorama. First we had a tour. The best part of the tour was the gold panning because almost everyone found a tiny piece of gold. We went to the blacksmiths and the museum. After that we were split into 3 groups. There were 5 activities: making mud bricks, cooking damper, tug-o-war, horse shoe throwing and rolling a lead ball to hit a wooden stump.

For tea we had chicken schnitzel and vegies and we had bacon, scrambled eggs, toast and hash browns for breakfast.

On the way home we saw the ‘Utes in the Paddock’ at Ootha. It was an awesome excursion!

**Year 2–6 Barrick Gold Excursion**

Last Wednesday Years 2-6 went on an excursion to Barrick Goldmine. We looked down into the open cut pit. It was about 1km across the top and 800m deep. It was huge! We also got to stand in the bucket of the big excavator. We looked tiny in front of it! We learned about how they find the gold and what they do to get it out. The best part was holding a one ounce gold nugget.

Have a safe and relaxing holiday!
It has been a very busy term with HOW2Learn, with many students receiving merit awards for displaying HOW2Learn skills. Today those students who have received 10 or 20 merits were able to attend the end of term morning tea. There were some excited faces on assembly this morning when the names of those attending were announced. Students were treated to cakes, slices, pies and sausage rolls. Yum!

Next term our focus is **Reflectiveness**. Students will hear language such as planning, distilling, revising and meta-language.

**Head Teacher Secondary Studies**

This week sees the departure of our year twelve students. We will be holding our traditional breakfast for Year 12 tomorrow morning their last day after 13 years of schooling. With only your HSC exams to go, I wish you every success with these exams, you will rewarded for the preparation you complete for them. You will be missed but not forgotten. Good luck.

This week also brings an end for our year 11 students who have today finished their last exam for their preliminary studies. Next term they start their HSC studies.

We have had a busy term with a lot completed over the past 10 weeks. With a well earned break ahead of us I hope that everybody has a safe and happy holiday and I look forward to seeing you all back here again next term.

Regards, Mr Currey

PBL @ UCS

Ungarie Central School is a PBL school. Positive Behaviour for Learning (PBL) is a school-wide behaviour management strategy. PBL encourages positive behaviour from students, which has been shown to improve their self-concept and motivation to learn.

The strategy employs a whole school approach to address problem behaviour and reduce its effects on student learning and on the school community as a whole. This means we will be explicitly teaching all students what behaviours are expected of them in different settings across the school.

Students are then expected to display these behaviours beyond the school gate, whether representing the school, themselves or their families. Students are rewarded for displaying positive behaviour, while negative behaviour comes with consequences, as well as the explicit teaching of the correct behaviour expected.

PBL is based around clear values, expectations, rules, routines and procedures. Ungarie Central School’s values are: **Respect, Responsibility and Learning.**

During the week 8 assembly, we rewarded students who have demonstrated positive behaviours and had received a total of 10 merit cards. This is a major achievement and milestone within the strategy. All of these students gained the privilege of attending a special morning tea with staff, while students who have received 20, receive the morning tea, 10 barbecue vouchers and a FREE Reward Day!

We look forward to sharing more award winners at our next assembly!
